Preface

At Rajagiri Viswajyothi College of Arts & Applied Sciences, we value feedback as a driving force for growth and have actively solicited input from students, faculty, alumni, and employers to identify areas for improvement and implement effective measures. We are dedicated to creating an ideal educational setting that fosters academic excellence, personal growth, and holistic development.

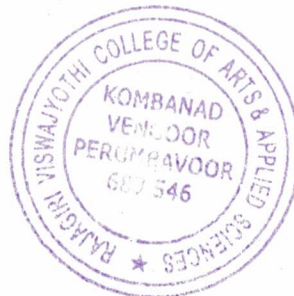

Feedback plays a crucial role in shaping our educational policies, infrastructure development, and teaching methodologies. We are committed to transparency and accountability, as reflected in this comprehensive report. Our college administration, faculty, and staff have diligently addressed concerns and suggestions from stakeholders, demonstrating our unwavering commitment to continuous improvement.

We express heartfelt gratitude to all individuals who contributed valuable feedback and insights, which have been instrumental in shaping positive changes. This report serves as a guiding document, reinforcing our commitment to fostering an inclusive learning environment that empowers our students to succeed. By embracing feedback, we strive to stay responsive to the evolving needs of our students and the wider community.

Our goal is to provide an exceptional educational experience that prepares students for success in their chosen paths. Through collaborative efforts, we aim to build a vibrant academic community that values open communication, mutual respect, and collective growth.

Stakeholders' Feedback Analysis Report 2022-2023

Rajagiri Viswajyothi College of Arts & Applied Sciences(RVCAS) has recently conducted a comprehensive feedback survey, gathering valuable perspectives from a diverse range of stakeholders, including students, faculty, alumni, and employers. The survey aimed to assess the effectiveness of our curriculum, exploring its relevance, comprehensiveness, and practical applications. The analysis revealed a wealth of insights, highlighting strengths such as our industry-aligned curriculum and the development of critical thinking and practical skills. However, areas for improvement also emerged, including the need for more interdisciplinary courses and the seamless integration of emerging technologies. These crucial findings will inform future curriculum development, ensuring RVCAS remains a pioneer in academic innovation and professional relevance.

Feedback Mechanism

RVCAS places a strong emphasis on soliciting feedback from a diverse range of stakeholders, including students, alumni, faculty, and employers, to drive curriculum enhancement and academic excellence. As part of its Quality Enhancement Initiative, overseen by the Internal Quality Assurance Cell (IQAC), RVCAS has established a rigorous feedback collection process. A dedicated team of faculty members expertly crafts Google Forms to systematically gather feedback from stakeholders, utilizing scale items to gauge levels of agreement and satisfaction across various aspects. This comprehensive feedback mechanism enables RVCAS to collect invaluable insights from students, alumni, faculty, and employers, informing data-driven decision making and continuous improvement initiatives that uphold the highest standards of education and campus life.

Feedback Analysis

IQAC at RVCAS serves as a vital hub for feedback analysis, distilling insights from diverse stakeholders into actionable intelligence. By generating a comprehensive feedback summary and crafting department-specific reports, the IQAC team empowers the college to pinpoint targeted areas for improvement and drive strategic

initiatives that address the unique needs and concerns of each department. This nuanced approach enables RVCAS to implement precision-focused enhancements, fostering a culture of continuous quality improvement and excellence.

Action Plan

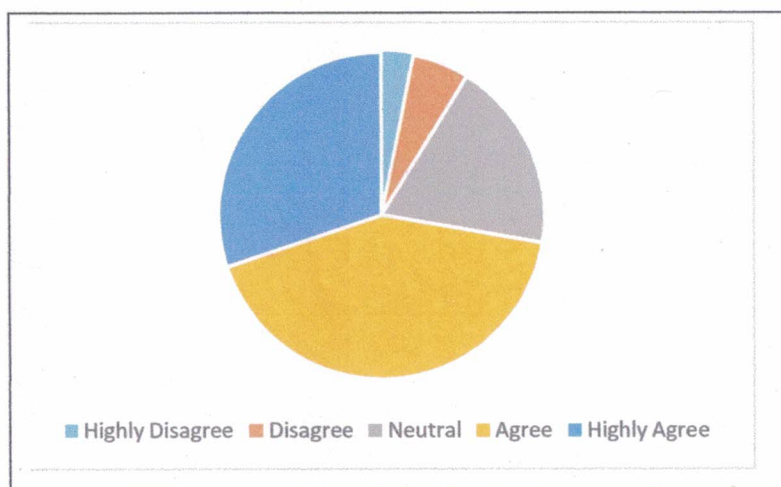

Following the feedback analysis, the IQAC and departments at RVCAS collaboratively develop and execute targeted action plans, aimed at enriching the educational experience. These plans may encompass curriculum refinements, innovative teaching methodologies, or infrastructural enhancements, all designed to address specific areas of improvement. The IQAC compiles a comprehensive Action Taken Report, which meticulously documents the feedback received and the corresponding actions implemented during the academic year. This report is then submitted to the relevant authorities, including the university, ensuring accountability and transparency. Furthermore, the feedback analysis and action plans are published on the college website, keeping all stakeholders informed and engaged in the ongoing process of continuous improvement.

Student Feedback Analysis Report 2022-23

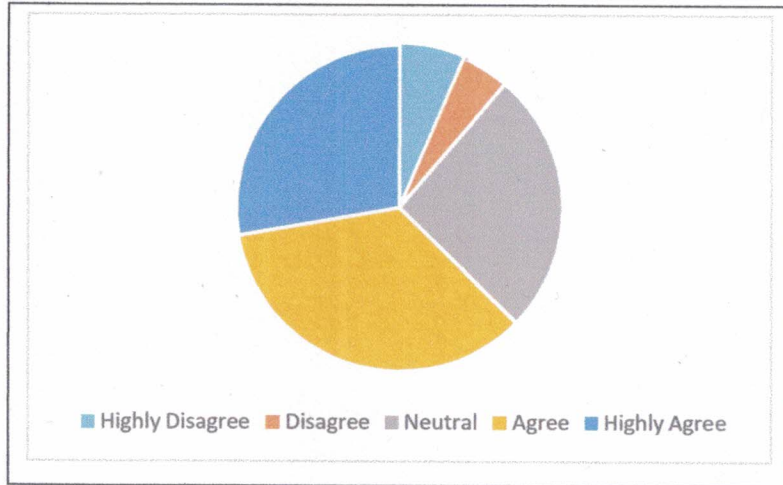

A total of 237 students participated in the feedback analysis, with a remarkable 95% of them reporting a highly satisfactory experience, thus yielding a resoundingly positive assessment of the institution's multifaceted aspects.

Below is a detailed summary of the feedback received:

1. Does the syllabus enhance your knowledge and skills in the relevant domain?

2. Are the text books and reference materials relevant to the content of the syllabus?

3. Does the syllabus orient towards higher education?

4. Does the syllabus enable the students to apply their knowledge in real-life situations?

5. Is employability given weightage in the design and development of the syllabus?

6. The academic resources (libraries, laboratories, etc) are easily accessible and well maintained.

7. The assessment methods (exams, projects, etc) are effective in evaluating your understanding of the subject.

8. You are adequately supported in your academic journey through mentorship programs.

9. The infrastructure facilities such as classrooms, lecture halls, and common areas are well-maintained and conducive to learning.

10. The college supports student well-being, mental health, and overall personal development.

Suggestions from students

1. Students suggested to increase the academic resources access.
2. Few of them suggested to improve the syllabus to apply their knowledge in real-life situations.

Faculty Feedback Analysis Report

1. Curriculum provides employability, entrepreneurship and professional development.

2. Timely updates were incorporated into the curriculum with recent enhancements.

3. Curriculum provides opportunity for conducting research and project related activities.

4. Curriculum is effective in developing innovative thinking.

5. Sufficient number of prescribed books and reference materials are available in the library.

Suggestions

1. Teachers suggested to improve the syllabus so that it can develop innovative thinking.

Employer Feedback

1. Does the curriculum have scope for progression to higher studies and employment?

2. Does the curriculum cater to the needs of industry

3. Does the curriculum help the student to engage in multi-disciplinary tasks?

4. Does the curriculum provide awareness of the recent developments in the field?

5. Is the curriculum updated from time to time to meet industry standards?

Suggestions

1. Suggestions have been made to improve the curriculum so as to cater to the needs of industry .
2. Suggestions have been made to update the curriculum to meet the industry standards.

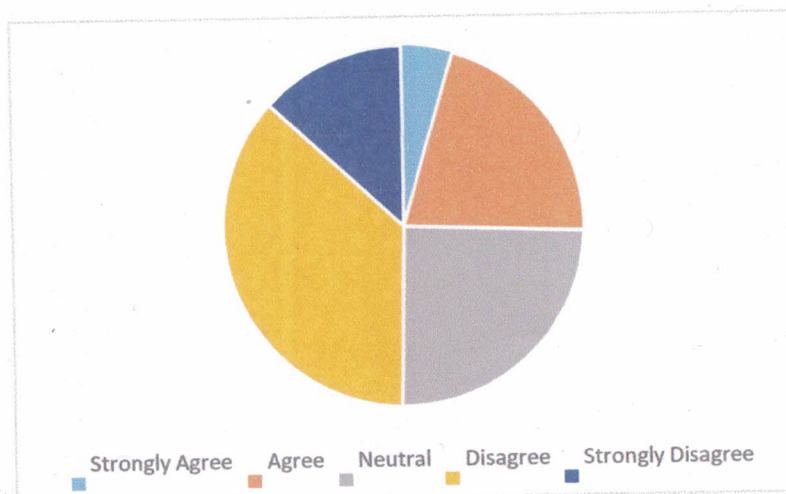

Alumni Feedback

RVCAS has received feedbacks from 129 alumni. The response were mostly positive.

1. Does the curriculum improve the employability of the student?

2. Does the curriculum cater to global needs?

3. Is the curriculum effective in imparting knowledge and improving practical application?

4. Does the curriculum address and integrate contemporary and global issues?

5. Is the curriculum updated from time to time?

6. Do the curriculum related internships and industry interfaces provide additional learning experience?

Suggestions

1. Suggestions have been made to provide students with opportunities to gain practical experience and build industry connections.
2. Ensure graduates are job-ready and possess the skills and knowledge required by industry.

We hereby submit this report to the college council and management for their review and further guidance.
