At Rajagiri Viswajyothi College of Arts and Applied Science, the ERP Linways system is designed to make college operations smoother and more efficient. It includes key modules for Administration, Admission, Examination, and Finance and Accounts. Each group in the college—such as the Associate Director, Principal, Administrator, HODs, Teaching Staff, Librarian, Students, and Parents—has its own set of login credentials and tailored interface. This means that everyone has access to the specific features they need, from managing exams and finances to handling administrative tasks, all through their own personalized pages.
