NOTICE

Vehicle Access Restrictions During College Hours

To ensure a safer and more pedestrian-friendly environment on campus, vehicle entry will be restricted during college working hours. This initiative aims to decrease traffic congestion and enhance the overall campus experience. In cases where vehicle access during these hours is absolutely necessary, permission can be sought from the Principal's office by providing a detailed request outlining the reason.

NOTICE

Adopt Green Practices for a Sustainable Future

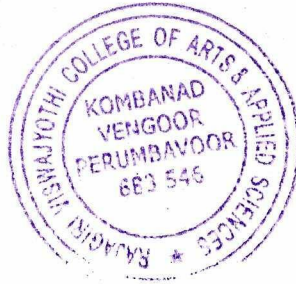

We are pleased to announce that our college is implementing a green protocol designed to promote environmentally conscious habits within our community, positively impacting our surroundings and enhancing our collective well-being. We urge all staff and students to follow these guidelines:

- Reduce plastic waste by using reusable water bottles and snack containers.
- Minimize the use of paper wherever possible.
- Sort waste properly and use designated recycling bins.
- Reduce your carbon footprint by carpooling or using public transport.
- Save energy by turning off lights and unplugging devices when not in use.
- Use water responsibly and report any leaks immediately.
- Participate in sustainability initiatives on campus.
- Purchase eco-friendly and sustainably sourced products whenever possible.

Be a part of this movement! Adopting sustainable habits will help us create a greener community.

NOTICE

Eliminating Single-Use Plastics on Campus

Our college is dedicated to creating a sustainable and environmentally friendly campus. To further this goal, we are implementing a significant reduction in the use of single-use plastics. All staff, students, and visitors are encouraged to minimize their use of such plastics and instead choose eco-friendly alternatives whenever possible. This initiative is a step towards a cleaner and healthier campus environment.

NOTICE

Reduce Paper Usage, Choose Sustainability

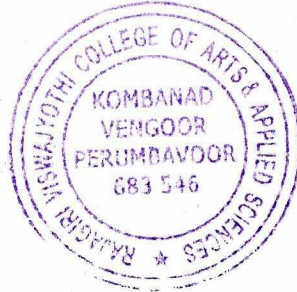

In line with our commitment to fostering a sustainable and eco-friendly campus, we encourage the use of reusable steel or glass tumblers instead of disposable paper cups. Although paper cups may seem convenient, they have a considerable negative impact on the environment. Their production demands significant resources, and their disposal contributes to the growing waste problem. By switching to reusable options, we can greatly minimize our ecological footprint.

We strongly encourage everyone in the college community to make this meaningful change.

Thank you for your support.

NOTICE

Commitment to Energy Conservation

Our college is dedicated to maintaining a sustainable and environmentally friendly campus. We urge everyone to take an active role in conserving energy. By reducing our energy consumption, we can play a crucial part in mitigating climate change and preserving natural resources.

Here are some effective ways to save energy:

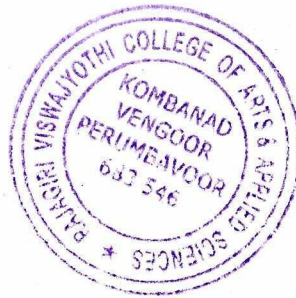

- Turn off lights and fans when not in use.
- Unplug electronic devices when they are not charging.
- Choose energy-efficient appliances.
- Embrace the principles of reduce, reuse, and recycle.
- Opt for public transport, carpooling, or electric vehicles whenever possible.

Thank you for contributing to our energy conservation efforts.
