

Academic and Administrative Audit Report

Action Taken Report - 2022-2023

Action Taken Report (Solutions) Based on Observations and recommendations

1. Strengthen Research Culture

- Collaboration and Interdisciplinary Research: Faculty and students have been encouraged to engage in interdisciplinary research through newly established research clusters. External funding has been secured for several projects, and efforts have been made to publish in high-impact journals by providing writing workshops and mentoring sessions.

2. Expand Faculty Development Programs

- Advanced Training: A series of faculty development programs (FDPs) focused on emerging educational technologies, including AI-driven tools, has been introduced. This has been supplemented with workshops on innovative teaching methodologies

3. Enhance Student Engagement

- Participatory Learning Opportunities: The institution has launched new participatory learning initiatives, such as hackathons, case study competitions, and industry-linked internships. These activities are designed to bridge the gap between theoretical knowledge and practical skills

4. Community Engagement

- Partnerships with NGOs and Government Bodies: Community engagement programs have been expanded by forming partnerships with local NGOs and government bodies. Students are actively involved in real-world projects that address societal challenges, providing them with valuable hands-on experience

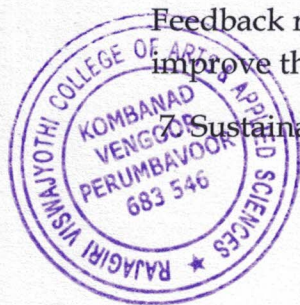

5. Increase Infrastructure for ICT

- ICT Infrastructure Enhancement: Significant investments have been made to upgrade the ICT infrastructure. All classrooms are now equipped with the latest technology, and continuous technical support is provided to ensure smooth integration of these tools into the teaching process

6. Monitor and Assess OBE Implementation

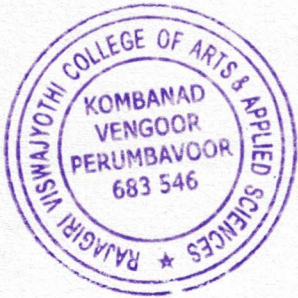

- OBE System Review: The Outcome-Based Education (OBE) system is regularly reviewed to ensure alignment with industry standards and student career goals. Feedback mechanisms have been established to make necessary adjustments and improve the system's effectiveness

7. Sustainability Initiatives

- Green Campus and Sustainability Workshops: The institution has expanded its green campus initiatives by installing solar panels and conducting workshops on sustainability practices. These initiatives aim to create an environmentally conscious campus culture

These actions have been taken to address the strategic goals set by the institution, ensuring continuous improvement in research, teaching, student engagement, community involvement, and sustainability.
