## Preface

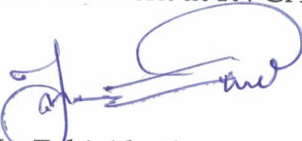

Rajagiri Viswajyothi College of Arts & Applied Sciences (RVCAS) has established a robust feedback mechanism to gather insights from a wide range of stakeholders, including students, teachers, alumni, and employers. Feedback is collected through questionnaires. The Internal Quality Assurance Cell (IQAC) plays a pivotal role in analyzing this feedback, identifying areas of strength and opportunities for improvement. Based on these analyses, targeted action plans are developed and implemented to enhance the academic environment and overall student experience.

By actively seeking feedback from all stakeholders, we strive to promote a culture of open communication, continuous improvement, and collaborative decision-making. We firmly believe that feedback is a valuable resource for shaping our educational policies, infrastructure development, and teaching methods.

This report demonstrates our commitment to transparency and accountability. It highlights the diligent efforts of our college administration, faculty, and staff to address the concerns and suggestions shared by our stakeholders. It stands as evidence of our unwavering dedication to providing an exceptional educational environment that empowers our students to succeed.

We extend our sincere gratitude to all individuals who have provided their valuable feedback and insights. Their active participation has been crucial in driving the positive changes reflected in this report.

We hope that this feedback report will serve as a guiding document, reinforcing our commitment to continuous improvement and fostering an inclusive learning environment at RVCAS.

Ms. Febi Abraham

IQAC Coordinator

## Stakeholders' Feedback Analysis Report 2019-2020

RVCAS recently conducted a comprehensive feedback survey involving stakeholders such as students, teachers, alumni, and employers. The survey focused on questions related to the curriculum, aiming to gather diverse perspectives on its relevance, comprehensiveness, and applicability.

The analysis revealed valuable insights, highlighting strengths such as:

- The curriculum's alignment with industry standards
- Its role in fostering critical thinking and practical skills

Additionally, the feedback identified areas for improvement, such as:

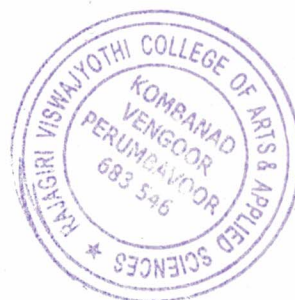

- The need for more interdisciplinary courses
- Enhanced integration of emerging technologies

These insights will inform future curriculum development, ensuring it remains dynamic and responsive to the evolving needs of the academic and professional communities.

### Feedback Mechanism

At RVCAS, we prioritize gathering feedback on our curriculum and academic environment from a diverse group of stakeholders, including students, alumni, faculty, and employers. This is a key part of our quality enhancement initiative, overseen by the Internal Quality Assurance Cell (IQAC).

Feedback from stakeholders is systematically collected using questionnaires. A dedicated team of faculty members meticulously prepares these questionnaires to ensure they comprehensively address key aspects of the curriculum and academic environment.

## Feedback Analysis

The IQAC at RVCAS plays a crucial role in analyzing the feedback collected from various stakeholders. The IQAC team compiles an overarching feedback summary and also creates department-specific reports.

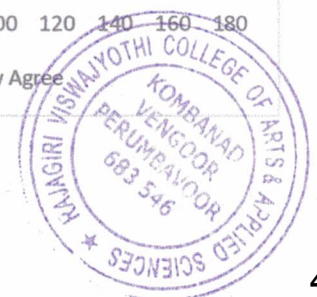

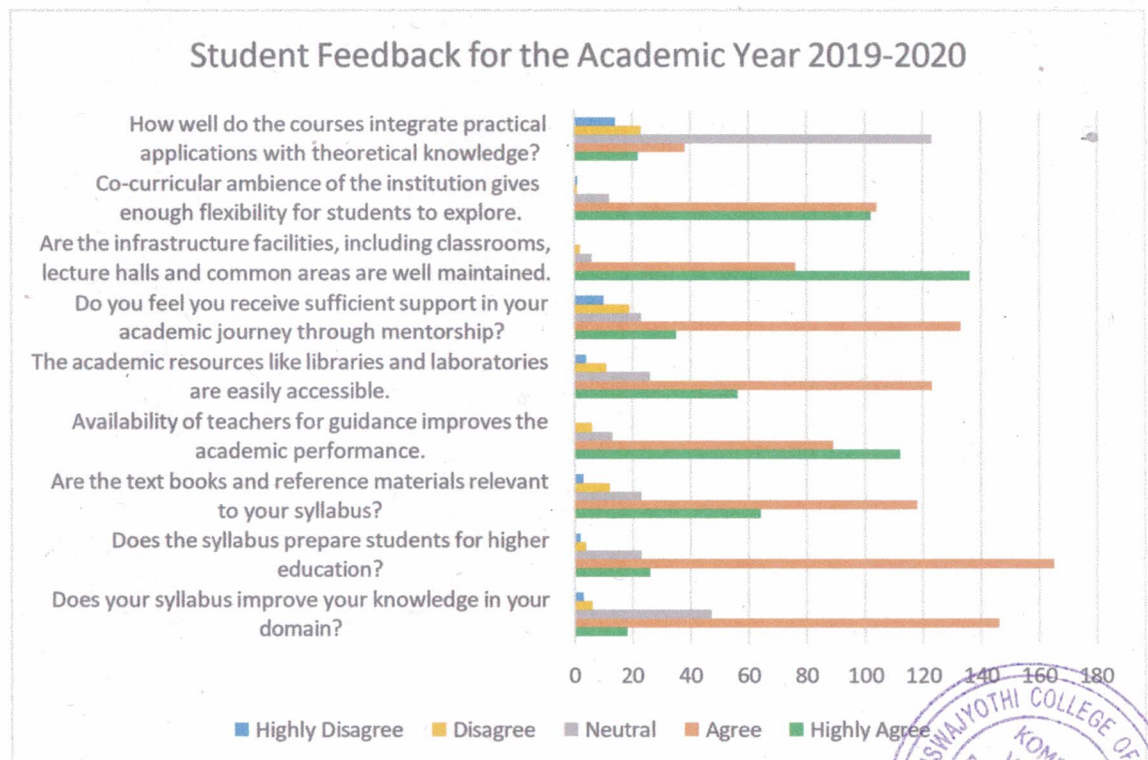

## Action Plan

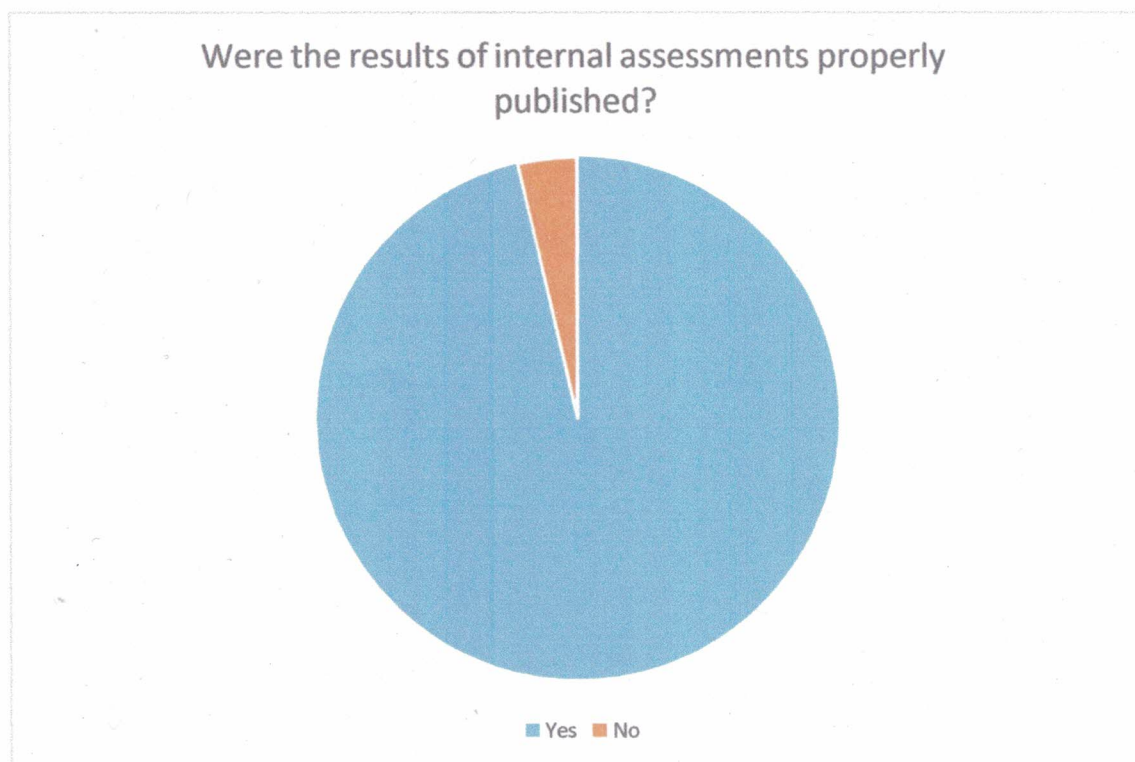

Based on the feedback analysis, the IQAC and departments at RVCAS develop and implement targeted action plans. These plans may include modifications to the curriculum, teaching methodologies, or infrastructural changes, all aimed at enhancing the educational experience.

## Student Feedback Analysis Report 2019-2020

Overall, the feedback indicates a positive perception of various aspects of the institution. The respondents generally agree or strongly agree with most statements, suggesting a favorable experience.

Below is a summary of the feedback received from 220 students on each question:

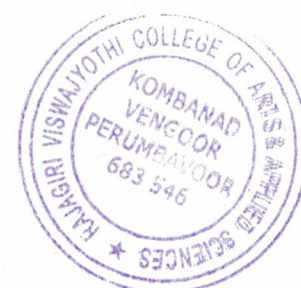

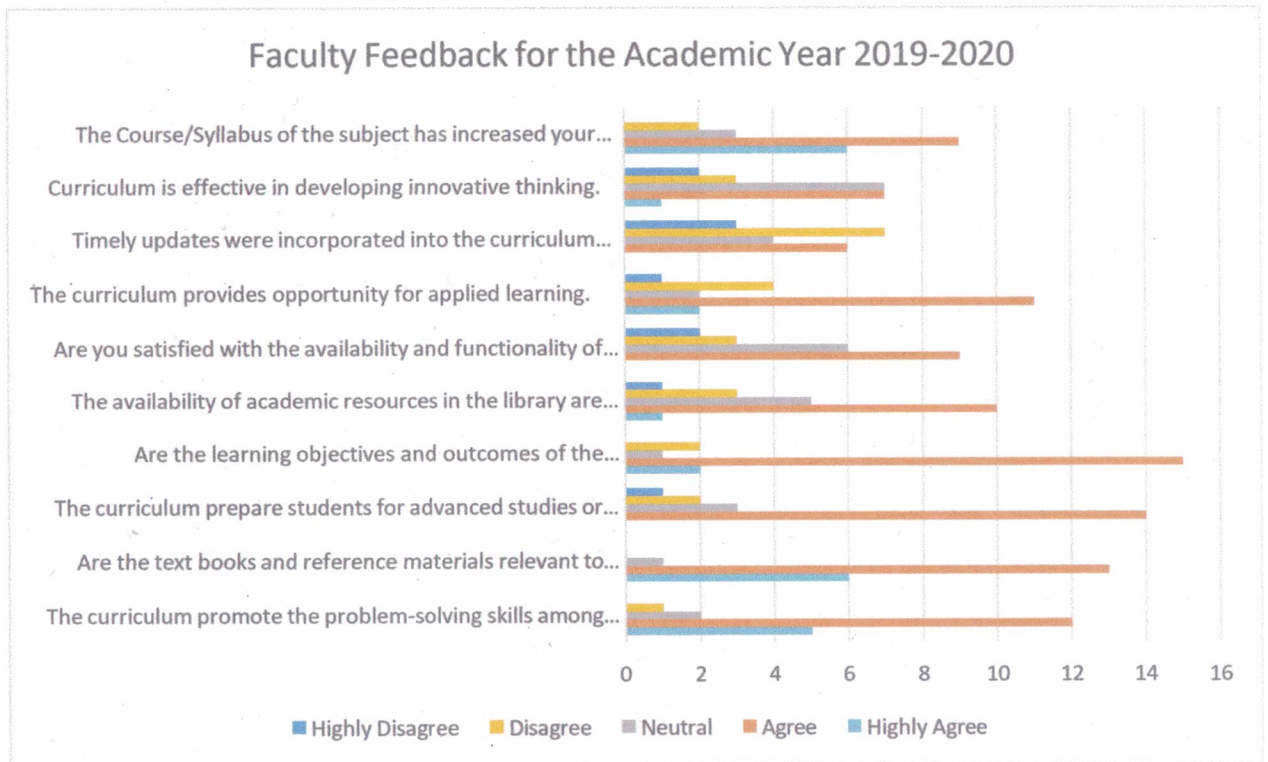

### Suggestions from students

The majority of students are satisfied with the college's academic and non-academic facilities. By acting on these suggestions, the college can elevate the academic environment and empower students for success in their future endeavors.

1. Students proposed to complementing theoretical sessions with more practical applications to enrich their learning experience.
2. A small percentage of students proposed improvements to the mentorship system in the college.
3. Few of them suggested to improve the library access facilities.

## Faculty Feedback

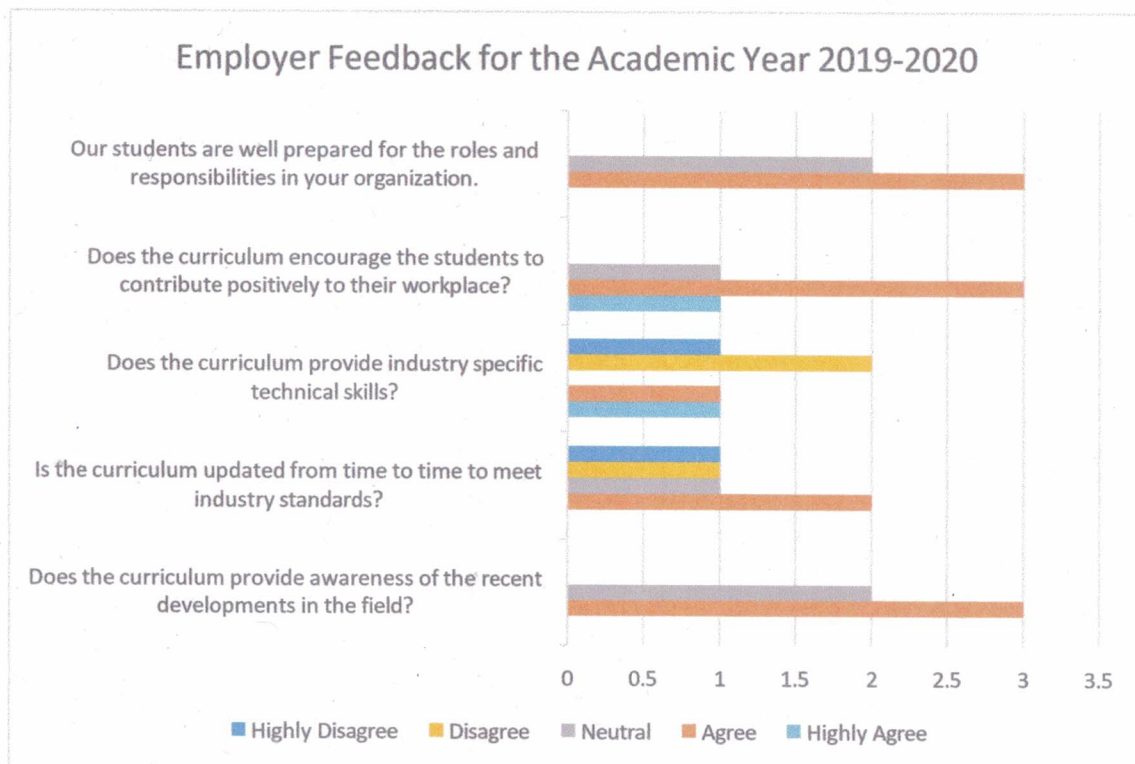

## Suggestions

1. Curriculum Updates: Integrate timely updates into the curriculum to reflect recent advancements and industry developments.
2. Library Resources: Update library books and resources to ensure access to current and relevant information.
3. ICT Facilities: Enhance Information and Communication Technology (ICT) facilities to provide students with modern tools and infrastructure for learning and research.
4. The curriculum should be improved to develop innovative thinking.

## Employer Feedback

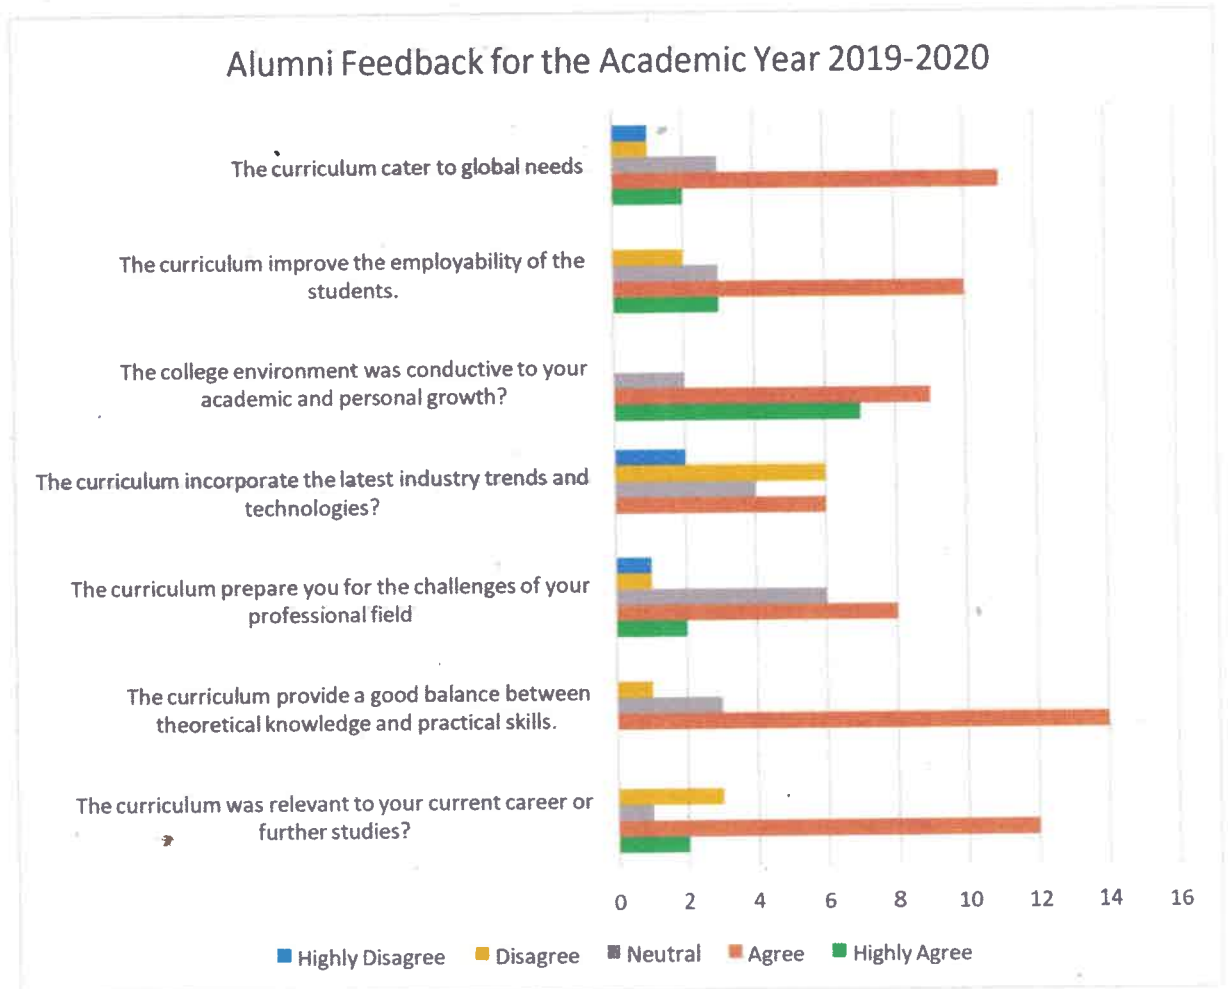

## Suggestions

The curriculum should be updated to meet industry-specific technical skills and align with industry standards.

## Alumni Feedback

## Suggestions

1. The curriculum needs to be updated to incorporate the latest industry trends.
2. The curriculum needs to be updated to prepare students to tackle challenges in their professional field.

We hereby submit this report to the college council and management for their review and further guidance.
